

# QoG NEWS

Dear all,

This is the latest news from the QoG Institute.

## **QOG STUDY TRIP TO CHINA**

In the first week of June, 14 QoG researchers and employees participated in a study trip to Beijing, China. During the visit, they met with a number of Chinese scholars and government officials from various universities, NGOs and governmental agencies. The trip was a great success and hopefully marked the beginning of a fruitful cooperation between the QoG institute and Chinese scholars. Read more about the meetings [here](#).
