DATA NEWS

The QoG EU Regional Data was updated in September 2016. Changes were made in the Labour Market Section in which the unemployment variables were updated with correct information and employment variables were added to the section. The QoG EU Regional dataset contains 450 variables, covering three levels of European regions. The new version (Sep 2016) is available on our website: <http://qog.pol.gu.se/data/datadownloads/qogeu regionaldata>.

We are currently updating the QOG Standard and Basic datasets. New data will be launched in the beginning of 2017. We welcome all suggestions and recommendations of new data sources to be included.

UPCOMING EVENTS

The QoG institute regularly organizes activities, such as, conferences, workshops and open lectures. Up-to-date information on upcoming events is available on our website: <http://qog.pol.gu.se/upcoming-events>.

Best regards,
The QoG Team
